iPhone 13

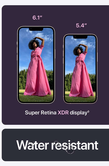
Your new superpower.

A super-bright display in a durable design. Hollywood-worthy video shooting made easy. A lightning-fast chip. And a big boost in battery life you'll notice every day.

Display and Design

Super-bright. Super-colourful. Super-sharp.

A more vivid OLED display that's both easier to see in full sunlight and power efficient. With a durable design that's water and dust resistant.[1]



Super Retina XDR display[4]

Water resistant

Aerospace-grade aluminium edges

Ceramic Shield

Five stunning finishes

Cinematic mode

iPhone went to film school. So you don't have to.

Automatically create beautiful depth effects and focus transitions in your videos. Bring a new level of storytelling to the scenes you shoot.

Cinematic mode is also available on the TrueDepth front camera.

Dual-Camera System

Totally advanced cameras. Simply brilliant photos.

A huge upgrade for better photos and videos. More light is captured with the Wide camera. Sensor-shift optical image stabilisation. And more detail in dark areas of your photos with the Ultra Wide camera.

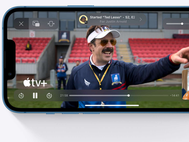
A new diagonal design fits a larger Wide camera and sensor

Battery

Raises the bar for battery life.

A big boost in battery life you'll notice every day. That means more time to watch, game and do more of what you love. Even on iPhone 13 mini.

Up to 19 hours of video playback on a single charge[2]

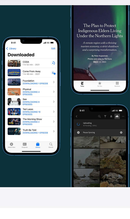


A15 Bionic

Speed-boosting. Camera-elevating. Power-optimising chip.

A15 Bionic powers graphics-intensive games and new camera features like Cinematic mode and Photographic Styles. And it's more efficient, helping deliver longer battery life.

A15 Fast performance today and powerful capabilities for years to come



5G

No one does 5G like iPhone.

Everything happens so much faster on 5G.[1] It's fast enough for multiplayer gaming and more. And Smart Data mode automatically saves battery power when you don't need all that speed.

Why iPhone

There's no phone like iPhone.

Smart performance
Apple-designed chip for speed, power efficiency and intelligence in everything you do.

Protects your privacy
Every aspect is designed to keep your information private and secure.

Durable and retains value
iPhone is built to last and holds its value longer than other smartphones.

Sustainability
iPhone is designed with the environment in mind, using recycled materials.

1 Legal Declarations

Water resistance: iPhone 13 Pro, iPhone 13 Pro Max, iPhone 13 and iPhone 13 mini are splash, water and dust resistant, and were tested under controlled laboratory conditions with a rating of IP68 under IEC standard 60529 (maximum depth of 6 metres up to 30 minutes). Splashes, water and dust resistance are not a permanent condition and resistance may decrease as a result of normal wear. Do not attempt to charge a wet iPhone; refer to the user guide for cleaning and drying instructions. Liquid damage is not covered under warranty.

Display: The display has rounded corners that follow a beautiful curved design, and these corners are within a standard rectangle. When measured as a standard rectangular shape, the screen is 6.06 inches diagonal (iPhone 13 mini), 6.06 inches (iPhone 13), 6.12 inches (iPhone 13 Pro) and 6.68 inches (iPhone 13 Pro Max) diagonally. Actual viewable area is less.

Power and Battery: All battery life and battery capacity claims are based on network configuration and many other factors, actual results will vary. Battery life and recharge cycles and may eventually need to be replaced. Battery life and battery life and recharge cycles are dependent on settings, usage and many other factors, actual results will vary. Battery life and battery life and recharge cycles are dependent on settings, usage and many other factors, actual results will vary. Battery life and battery life and recharge cycles are dependent on settings, usage and many other factors, actual results will vary.

Mobile and wireless: Data plan is required. 5G and LTE are available in selected markets and through selected carriers. Speeds are based on theoretical throughput and vary based on site conditions and carrier. For details on 5G and LTE support, contact your carrier and see apple.com/ca/iphone/cellular.

Availability: Some features may not be available in all countries or all areas.

SharePlay: Coming later this year.

Accessories: Accessories are sold separately.

AirTag: Precision Finding is compatible with iPhone 11 or later (second-generation).

Watch Foundation on Apple Fitness+: Coming later this year.
