## Keep a Cool Head

Take a look at the situation, listen to what your team mates have to say and make the winning decision. With the Trust GXT 323 Carus you'll hear what's important and they'll hear your every command. The large, comfortable ear pads are made from meshed materials that will help you keep a cool head, even during the most intense gaming sessions.

## Hear the Thunder

The Trust Carus uses big, 50mm drivers so you hear everything that's going on during the game. High-quality sound with a thundering bass; that's why the Carus gives you the upper hand during gameplay. And thanks to the flexible microphone, your team mates will be able to hear you just as great as you hear them.

## Play Your Game

With the Carus, you've got full control over what you hear, what your teammates hear, and how you want to play. Take control over your volume with the on-ear cup controls and mute the mic with the press of a button. Because of the 1.2m aux cable, the Trust Carus works great on modern consoles, while the 1m extension Y-cable allows you to play on a gaming PC. It's. Your. Game!
