ENERGY♥SYSTEM

Introduction

- Thank you for your trust in our company and for buying the new *Headphones ESG 5 Shock*. We hope you enjoy the product.
- Gaming headset with Sound Vibration technology to experience vibration when playing video games.
- Self-adjusting headband and breathable ear pads designed for long gaming sessions.
- Omnidirectional boom mic and blue LED lights.
- We recommend reading this manual to enjoy your device safely and with maximum performance.

Care and maintenance

- Do not expose your *Headphones ESG 5 Shock* to impacts, dust, humidity or high temperatures.
- Do not use neither corrosive nor abrasive cleaning products.
- Keep the headphones clean and free of dust using a soft dry cloth.
- Do not disassemble your headphones. All repair works should be carried out exclusively by qualified staff of Energy Sistem Technology, S.A.

Features

General features

- Over-ear headphones providing better isolation and more comfort.
- Dive into action with these headphones featuring Sound Vibration technology.

- Sensitivity: -38 dB ± 3 dB (@1 kHz)
- Frequency range: 50 Hz ~ 10 kHz

OTHER FEATURES

- LED Light
- Self-adjusting headband

Product content

- Headphones ESG 5 Shock
- 2 male to 1 female mini jack adapter

General overview

1. Microphone On/Off
2. Vibration On/Off
3. Volume +/Volume -
4. 2 male to 1 female mini jack adapter
5. 3.5 mm jack audio cable
6. USB cable

Main functions

Switching on and off the device

Plug the *3.5 mm jack audio cable (5)* and the *USB cable (6)* into your PC or console to start using your *Headphones ESG 5 Shock*. If your source device features two separate audio and microphone connections, you can use the *2 male to 1 female mini jack adapter (4)* that comes with the product.

Other functions

Make the most of your gaming experience using the buttons below:

- Set the desired volume level using *Volume +/Volume - (3)*.

- Slide the *Microphone On/Off (1)* switch up or down to switch on or off the microphone.
- Press the *Vibration On/Off (2)* button to switch on or off the vibration mode.

Note: We recommend leaving a distance of approximately 5 cm between lips and microphone to ensure optimal performance.

Safety

- Before using the headphones, turn the volume down and slowly turn it up until you set an appropriate volume level.
- Avoid noisy environments that force you to turn up the volume really high when using your headphones.
- Listening to loud music over a long period of time may cause your ears to get used to high volume levels, resulting in irreversible hearing loss.
- Adjust the volume of your headphones to hear important external sounds.

Warranty
