TOUCH

Elegance and technology, bathroom wall mounted fan heater with minimal tickness

Safe, silent, and smart: only 11 cm thick and with an ultra-flat design, the TOUCH digital heating fan will give your bathroom a hi-tech touch. Thanks to a completely renewed air circulation mechanism, this wall fan is extremely silent, while guaranteeing quick, even distribution of

heat in your bathroom, as well as heating your towels very quickly. Forget waking up cold or damp bathrooms in the early morning: TOUCH includes a programming function, to get a perfectly heated bathroom at the time you want it.

Heating style

Thanks to the built-in presence sensor, TOUCH will only heat when necessary, avoiding needless wastage of energy.

10 minutes after you leave the bathroom, TOUCH will automatically go into ECO mode (3,5°C lower than the setting on the ambient thermostat), thereby reducing consumption.

Naturally, as soon as it detects someone in the room, TOUCH will automatically take the temperature back to the comfort level set.

Alternatively, you can use TOUCH in a programmed mode, to have the temperature you prefer at the time you want it.

Control System

A-Presence sensor B-Display C-Key + D-Key E-Setting F-Function for the prevention of freezing G-Programming H-Stand-by switch I-Freezing-prevention indicator J-Programmed mode indicator K-Function indicator

Features

- Touch screen controls + LED display for the precise regulation of the temperature desired
- Presence sensor built into the product, to heat only when necessary, thereby avoiding costly energy wastage
- Weekly programming function
- Integrated towel bar + 4 hooks hidden in the lower part of the radiator to dry an extra number of towels
- Ultra-flat design – only 11 cm of thickness when installed on a wall
- Dust-prevention filter which can be extracted and washed
- IP24 protection against bursts of water, ideal for installation in wet places

TOUCH with Pearl Grey towel rail
