YOUR EVERYDAY ENDGAME

The CK720 mechanical keyboard is our first foray into enthusiast keyboards — approachable for everyone without making compromises on quality. It has all the hallmarks of endgame-quality keyboards, including Kailh Box V2 switches for an enthusiast-level typing feel — and if you don't like 'em? They're hotswappable so you can use all your favorite hype linear switches. In addition, this is the first keeb with our new stabilizers, pre-lubed for smoother feedback and minimal rattle. And if that weren't enough, we've also installed silicone padding for a fuller typing sound. With the CK720, you've found your new everyday endgame.

FEATURES

- **Hot-Swappable Mechanical Switches** – Scratch that keyboard enthusiast itch by customizing each key without needing to pick up a soldering gun.
- **Kailh Box V2 + Cherry MX Green Switches** – Feel the smooth, clacky difference of enthusiast-level switches, plus extra MX Green switches for that heavy clicky actuation we love in modifier keys.
