Simplify User Interface*

New concept of Flip UI simplifies user operation. Preset your frequently used functions as different cards, reducing the hassle of going through numerous setting parameters.

Applicable to EcoTank L3550 only. ** Available only on L5590. ^ 2-year warranty or 50,000 pages, whichever comes first, printhead included. ¹ Virgin plastic savings equivalent to approximately 250 plastic spoons, calculated as 30 of High Impact Polystymene (HIPS) plastic spoon. Ratio of the amount of recycled plastic weight to overall plastic component weight of the hardware. The amount of recycled contents and recycled material varies depending on the model, manufacturing time and site.
 ² Material weight comparison of consumables (including packaging) between Epson ink cartridges of WF2630 series and Epson ink bottles of L5590/3550 series.

Dimensions & Weight

L3550 Weight: 4.1 kg

*1 Print speed (Pages Per Minute) is calculated when printed on A4 plain paper in the fastest mode. 10 x 15 cm photo print speed when printed on Epson Premium Glossy Photo Paper. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer.

*2 When printed on Epson Premium Glossy Photo Paper

*4 Default mode in accordance with ISO7779 for MFPs.

*3 Otherwise 3 mm top, left, right, bottom.

*5 Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.
