MSI Warranty Procedures and Conditions

This warranty period starts from the date of purchase of the product or valid invoice. If the date of the warranty period is a national holiday, the following day shall be the first day of the warranty period.

Customer-Induced-Defect (CID): If the product or symptoms are caused with improper usage defined under Customer-Induced-Defect (CID), MSI shall not be accepted in warranty within the scope of this product. MSI reserves the right to determine whether the product is operated within the scope of proper usage.

Limited warranty for software: The software is not provided in full covered with the MSI's warranty. The Company assumes no responsibility for any software subsequently installed by the customer and any possible consequential/damage or loss.

How to file the problem by self-helping: Please first review the User's Manual and contents of the Software CD included with the Product. Use the User's Manual and Software CD provided by MSI containing a list of information about the product. The manual will describe from user's perspective an answer every user's question.

MSI Warranty request: If you cannot solve the problem by self-helping, you may seek support from the original store of purchase, because the original store of purchase should know your system configuration, conditions, and can provide you with necessary responses and solutions.

Bring the Product to the original store of purchase: If your product has been determined by the MSI engineer or store as problematic or defective in hardware, and may incur the need for replacement of parts, you may bring the product for repair/replacement to the original store of purchase to send the Product to repair or replacement on your terms. However, the customer must ensure that the product when sending for repair to avoid further damage in the course of shipping.

Warranty request: The valid invoice of your purchase shall be provided for the warranty service.
