HD330 EXTERNAL HARD DRIVE

DASHINGLY TOUGH

HD330 External Hard Drive

The ADATA HD330 external hard drive with up to 5TB capacity keeps your data safe with a silicone casing on the outside, and ADATA's proprietary shock sensors and HDDtoGO software with AES 256-bit encryption on the inside. However, despite its durable nature the HD330 still maintains a slim 16.2mm* form factor that's nice to look at and easy to carry around.

Tough Outer Defense

The HD330's tough defenses start from the outside with a robust, shock-absorbing silicone casing that can withstand the knocks, drops, and bumps of everyday life.

Keep Errors and Bad Sectors at Bay

With ADATA's proprietary shock sensors, all drive activity will cease when a physical shock is detected. Once in the clear, activity resumes. You're kept fully informed with a clear status indicator.

More space to back you up

In an era of 4K UHD and 8K video content gigabytes just don't cut it anymore. With up to a massive 5 TB of storage space the HV300 has you covered and ready to back up all your music, movies, photos and more.
