Philips Genuine
replacement filter
Integrated 3-in-1

12 months lifetime

HEPA+Active Carbon+Pre-filter
Filters 99.97% @ 0.003 um
Filters gases & odours

FY1700/30

3 filters in 1 to achieve day one performance

Genuine Philips filter that fits perfectly

A 3-layer filtration with NanoProtect HEPA, active carbon and pre-filter makes sure you are protected from bacteria, pollen, dust, PM2.5, pet dander and gases.

Superior performance

- The NanoProtect Pro HEPA filter cleans faster than H13 (4)
- Removes up to 99.9% of viruses and aerosols from the air (7)

Genuine Philips filter

- Perfect fit for consistently high performance
- Philips filters ensure that your device works effectively

Long-lasting performance

- 12 months of usage
- Follow the Smart filter status indicator on your device
- Connect with the device and track filter lifetime

Designed around you

- 3 filters in 1 for convenience and superior performance
- Regularly clean the prefilter

PHILIPS

Integrated 3-in-1

12 months lifetime HEPA+Active Carbon+Pre-filter, Filters 99.97% @ 0.003 um, Filters gases & odours

FY1700/30

Highlights

The original Philips filter

Genuine Philips filter was designed together with the device itself to ensure a perfect fit, which guarantees the continuously smooth operation of the device.

Quality you can trust

Philips air filters go through a set of mandatory and strict inspection tests before being released from the factory. They are subjected to rigorous life and durability tests, for continuous operation 24/7. Our filters are designed to provide the best performance of your Philips purifier until the last day of the filter's lifespan. (6)

3-in-1 effortless convenience

The cylindrical 3 in 1 filter combines all three layers of filters, needed to achieve day-one filtration performance of your device. (6) Active Carbon, HEPA and pre-filter are the optimal combination that remove pollutants, viruses, allergens and bacteria to make sure that you breathe cleaner air, as all three filters are changed at the same time.

Superior performance

A 3-layer filtration with NanoProtect HEPA, active carbon and pre-filter makes sure that you are protected from bacteria, pollen, dust, PM2.5, pet dander and gases. The NanoProtect HEPA technology not only captures pollutants, it also uses a special electrostatic charge to attract them, enabling it to purify the air faster than the HEPA H13 filter, which is used in medical settings. (5)

Up to 99.9% virus removal

Captures aerosols including those that may contain respiratory viruses. Tested independently to remove up to 99.9% of viruses and aerosols from the air. Also tested for coronavirus (8).

Long-lasting performance

Philips integrated 3-in-1 filter provides consistent protection and guarantees optimal filtration for up to 12 months. (1)

Effortless maintenance

Your Philips device notifies you when to clean your pre-filter and when it is time to replace the filter, which can take less than a minute. This makes the maintenance of the device effortless while ensuring that you always enjoy clean, healthy air.

Easy to clean pre-filter

For optimal filtration performance, regularly vacuum-clean the pre-filter.

Connect through the app

Monitor the lifetime and status of your filter anytime, anywhere with the CleanHome+ app (2). Get alerted when it's time to change your filter and easily order a new one directly through our app (3).

Integrated 3-in-1

12 months lifetime HEPA+Active Carbon+Pre-filter, Filters 99.97% @ 0.003 um, Filters gases & odours

Specifications

Consumer Trade Item

- Height: 25.5
- Width: 22
- Length: 22
- Net Weight: 0.7
- Gross Weight: 0.953
- GTIN: 08720389004520
- Country of origin: CN
- Harmonized system code: 84213925

Outer Carton

- Height: 26
- Width: 45
- Length: 45
- Net Weight: 2.8
- Gross Weight: 4.922
- GTIN: 18720389004527

Weight and dimensions

- Product weight: 0.7 kg

- Dimension of packaging (L x W x H): 220*220*247 mm
- Weight incl. packaging: 0.89 kg
- Dimension of product (L x W x H): 212*135*237

Design and finishing

- Colour(s): White, black

Replacement

- Integrated filter
- For Philips air purifier(s): AC1711, AC1715

Performance

- Filters out odours
- Filters out TVOC
- Particle filtration: 99.97% at 0.003 microns
- Allergen filtration: 99.99%
- Virus & aerosol filtration: <99.9%
- Filter: Integrated HEPA, Active carbon and pre-filter

Issue date 2023-05-15

Version: 5.5.1

www.philips.com

* (1) Recommended lifetime is calculated based on the Philips user's average usage time and the WHO urban outdoor pollution level data. Actual lifetime is impacted by usage environments and frequencies.

* (2) Only applicable for selected models with connectivity

* (3) Only applicable in those countries where the Philips shop is available

* (4) NanoProtect HEPA filter material provides lower air flow resistance than the material from a HEPA H13 filter, enabling a Philips air purifier with NanoProtect to deliver a higher Clean Air Delivery Rate (CADR) than with an equivalently sized certified HEPA H13 filter.

* (5) From the air that passes through the filter, tested with NaCl aerosol by iUTA according to DIN71460-1.

* (6) Contingent on the filter being used with AC1711 or 1715 Philips purifier

* (7) Microbial Reduction Rate Test conducted at Airmid Health group Ltd. tested in a 28.5m³ test chamber contaminated with airborne influenza A(H1N1).

* (8) Microbial Reduction Rate Test at external lab, in a test chamber contaminated with avian coronavirus (IBV) aerosols, with Philips HEPA NanoProtect filter.
