# MSI Graphics Card Quick Start Guide

Installation Guide (NVIDIA)      Installation Guide (AMD)

條文碼位置

Part No: GS2-XXXXZED

### Package Contents

1. MSI graphics card.
2. MSI graphics card accessories.

### System Requirements

1. Power supply.
2. Monitor.
3. Microsoft Windows or Linux operating system.
4. At least 1.5 GB of available hard-disk space.

### Auxiliary Tools

1. Phillips screwdriver.

### Hardware Installation

1. Turn on the computer and unplug the power cable. Then open your computer case by removing the side panel. Remove any expansion bracket on the back of your case which may obscure the new graphics card.
2. If you are replacing a graphics card, make sure to hold the graphics card bracket in place and carefully follow the screws. Then unplug any auxiliary PCI-E power connectors on the card and carefully remove the card using the release clip on the PCI-E socket on the motherboard.

1. Turn on the computer and unplug the power cable. Then open your computer case by removing the side panel. Remove any expansion bracket on the back of your case which may obscure the new graphics card.
2. If you are replacing a graphics card, make sure to hold the graphics card bracket in place and carefully follow the screws. Then unplug any auxiliary PCI-E power connectors on the card and carefully remove the card using the release clip on the PCI-E socket on the motherboard.
