General characteristics

Bluetooth® wireless connection

Voice Assistant

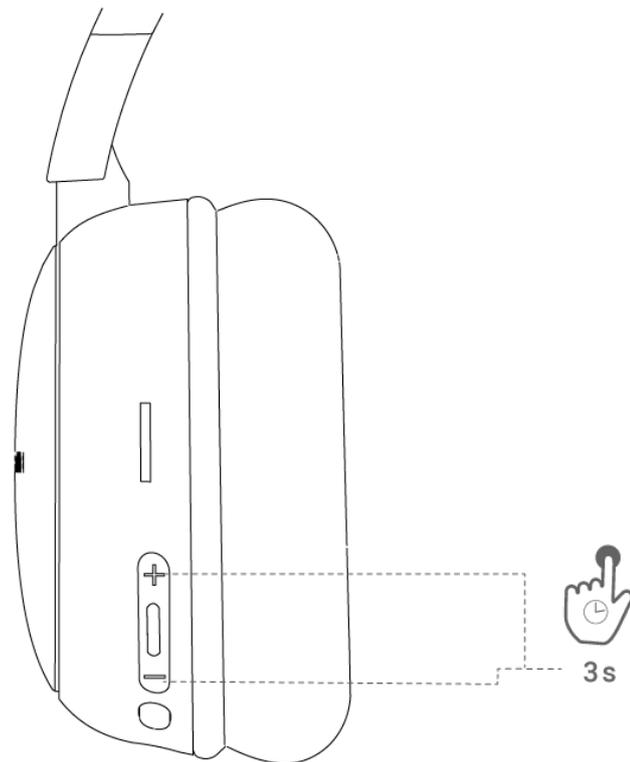

Note: * In order to optimise battery life.

- In order to optimise battery life, do not store or leave the device unused for a long period of time with a fully discharged battery.
- When you connect the charging cable the headset will turn off and start charging. It is not possible to charge and use the headset at the same time for safety reasons related to current CE regulations.

Caution: Do not charge your headphones with fast charging adapters or dedicated laptop charging adapters, as their output voltage exceeds 5V and the device may become unusable.

Force device disconnection (Reset)

Care and Maintenance

- Do not expose the headphones to shock, dust, moisture or high temperatures.
- Do not use corrosive or abrasive cleaning agents.
- Keep the headphones clean and dust-free by using a soft, dry cloth.
- Do not disassemble the headphones. Any repair must be carried out exclusively by qualified Energy System Technology, S.A. personnel.
- Do not leave the battery completely discharged for a long period of time.
