ANC WIRELESS HEADPHONES ONRIF 10

When smaller TWS earbuds just don't deliver the sound you want, the Canyon OnRiff 10 headphones might be the solution. Big, comfy earcups serve as a casing for speakers that provide a high-fidelity experience. Active noise cancellation uses built-in microphones to filter out unwanted noises so the sound is crystal clear at all times.

Be sure to use them for calls – environmental noise cancellation guarantees your voice is heard without any distractions.

The OnRiff 10 headphones offer dual device connection: connect it to your phone and PC simultaneously and switch seamlessly between sources. Plus, they are entirely suitable for gaming because we added a low-latency gaming mode.

Thanks to the energy-efficient Bluetooth 5.3, they offer up to 25 hours of playtime on one charge. There's also an option to connect them via a 3.5mm jack. You have four colors to choose from: black, beige, purple and green.

Attract some views and enjoy the tunes with OnRiff 10 – get them now.

A series of yellow geometric shapes, including parallelograms and a larger trapezoidal shape, arranged in a stepped pattern on the left side of the image.

KEEP THE NOISE AWAY

OnRiff 10 features ANC technology that filters out all the unwanted noises outside your earcups. Enjoy crisp sound in any condition.

PERFECT CALLS

Environmental noise cancellation brings up your voice and reduces the background noises to a minimum. Excellent choice for calls and meetings!

LISTEN LONGER

Bluetooth 5.3 provides up to 25 hours of playtime. No cases, no recharges, just twenty-five hours of nonstop music and calls – if you need that much, of course.

LOW-LATENCY GAMING MODE

For the entertainment industry enjoyers,
there's a low-latency mode to provide
comfortable gaming.

WIRELESS & WIRED CONNECTION

Besides Bluetooth connection, these headphones also support the old-school ways. Connect them via a 3.5mm jack when you need it.

DUAL DEVICE CONNECTION

OnRiff 10 may be wirelessly connected to two devices simultaneously. Play games, listen to music on your PC, and answer calls on your phone, seamlessly switching between devices.
