

Xonar AE

Quick Start Guide

Safety Information

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean machine surface with a cloth (Do not apply any detergent or cleaning fluid).
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves or other apparatus (including amplifiers) that produce heat.
- The polarized or grounding type plug is for user safety. A polarized plug has two blades with one wider than the other. A grounding -type plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety. If the provided plug does not fit into your outlet, consult your electrician for installation of the appropriate type of power socket.
- Protect the power cord from being stepped on or compressed, particularly at the point where the cable is connected to the device.
- Only use attachments/accessories specified by the manufacturer.
- Use with only the cart, stand, tripod, bracket or table recommended by the manufacturer, or sold with the product. When a cart is used, use caution when moving the cart or trolley to avoid injury.
- Unplug the device during lightning storms or when left unused for long periods of time.
- Refer all repairs to qualified service personnel. Servicing is required when the product has been damaged in any way such as when the power cord or plug is damaged, liquid has been spilled or an object have fallen into the product, the product has been exposed to rain or moisture or does not operate normally or has been dropped.

Additional Safety Information

For your own safety please read the following important instructions carefully before attempting to connect this unit to the main power supply. The instructions provided will help you get the best performance from this device and prolong the life of this product.

Repairs

Do not attempt to repair or disassemble this product. Consult a qualified technician or professional for service or repairs.

Package Contents

This package should contain the following:

- Xonar AE 7.1 PCIe sound card
- Quick Start Guide

System Requirements

To ensure a successful installation of the ASUS Strix sound card series, your computer must meet the following requirements:

- One PCIe 1.0 (or higher) compatible slot for the audio card
- Microsoft® Windows® 10 / 8.1 / 7 SP1 (32/64bit)
- Intel® Pentium® 4 1.4 GHz or AMD® Athlon 1400 CPU or faster CPU
- 1GB for 32bit / 2GB for 64bit OS (or above) DRAM system memory
- 300 MB available HDD space for driver installation package
- High-quality headphones or powered analog speakers to enjoy the ultra-high fidelity sound of the card

Driver Installation

After installing the Xonar AE audio card into your computer, you need to install the device driver that enables the Xonar AE audio card to work with Windows operating system.

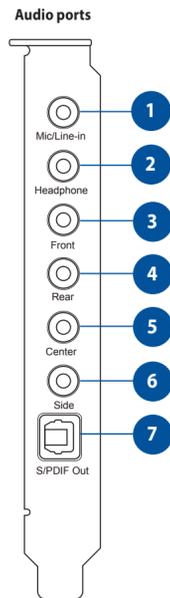

IMPORTANT: Ensure that you have installed the audio card driver before installing the Xonar AE driver. Otherwise, driver installation error may occur.

To install the device driver:

- After you have installed the Xonar AE card, turn on your computer. Windows® automatically detects the audio card and searches for device drivers. When prompted for the drivers, click **Cancel**.
- Go to ASUS official website www.asus.com to download and install the latest driver.
- Follow the onscreen instructions to finish the installation.

Hardware Features

Side view

- Microphone In port**
Connect your external PC microphone to this 3.5mm port for voice input.
- Line In port**
Connect analog devices like MP3 players, CD players, music synthesizers, and other line-level sound sources to this 3.5mm port for audio recording or processing.
- Headphone Out port**
Connect your headphone to this port.
- Front Out port**
For 2 channel speaker systems, connects to the input on the powered speakers.
- Rear Out port**
Connect to the rear surround input on 4 powered analog speakers.
- Center Out port**
Connects to the center/subwoofer input on 4/5.1 powered analog speakers.
- Side Out port**
Connects to the side surround input on 7.1 powered analog speakers.
- S/PDIF Out port**
Optical digital output jack. Connects to external digital decoder or digital speaker systems, Home Theater systems, AV receivers for outputting digital audio including PCM, Dolby Digital, DTS, WMA-Pro, etc. Connect to the surround channel input on 4/5.1/7.1 powered analog speakers

Connectivity Options

Connecting Microphone/ Line In

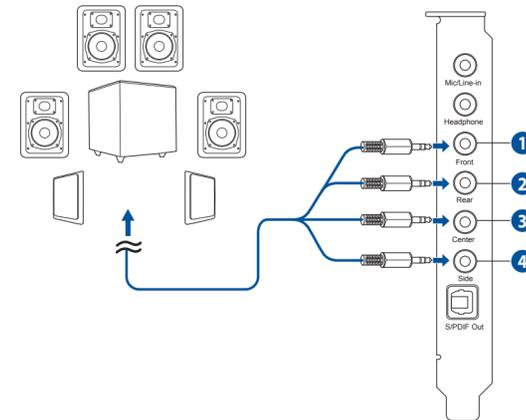

No	Item	Description
1	Line Input Jack	Connect the 3.5mm plug of the CD/MP3 Player or any other Line level analog audio sources into this Line-In jack for sound recording.

Connecting 2 channel speakers

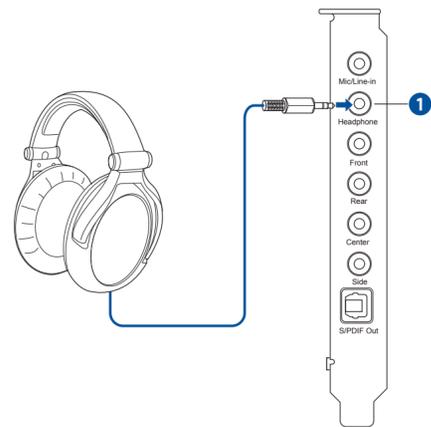

No	Item	Description
1	Front Out Port	Connect the 2 speaker set's 3.5mm plug into this Front Out jack.

Connecting 7.1 Channel Speakers

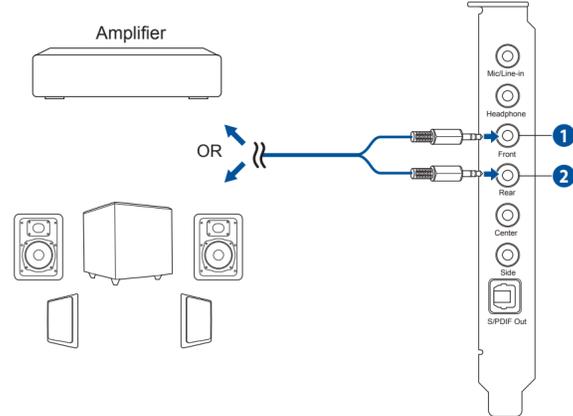

No	Item	Description
1	Front Out port	Connect the front-channel 3.5mm plug of your 7.1 channel speakers into this jack.
2	Rear Out port	Connect the rear-channel 3.5mm plug of your 7.1 channel speakers into this jack.
3	Center Out port	Connect the center-channel 3.5mm plug of your 7.1 channel speakers into this jack.
4	Side Out port	Connect the side-channel 3.5mm plug of your 7.1 channel speakers into this jack.

Connecting Stereo Headphones

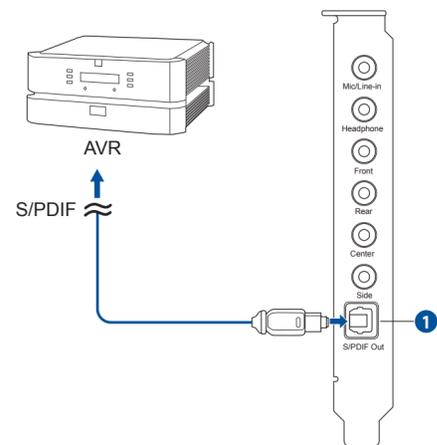

No	Item	Description
1	Headphone Jack	Built-in high-quality amplifier to drive headphones. Connect your stereo headphones directly to this jack.

Connecting 4 Channel Speakers / Power Amplifier

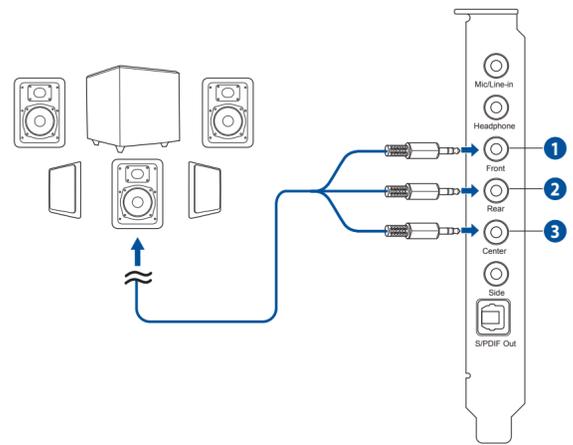

No	Item	Description
1	Front Out Port	Connect the front-channel 3.5mm plug of your 4-channel speakers into this jack.
2	Rear Out Port	Connect the surround-channel 3.5mm plug of your 4-channel speakers into this jack.

Connecting to TOSLINK and COAXIAL SPDIF input connection

No	Item	Description
1	Optical cable	Plug your decoder's TOSLINK optical cable into the S/PDIF-Out connector.

Connecting 5.1 Channel Speakers/ 5.1 Channel Headphone

No	Item	Description
1	Front Out port	Connect the front-channel 3.5mm plug of your 5.1 channel speakers into this jack.
2	Rear Out port	Connect the rear-channel 3.5mm plug of your 5.1 channel speakers into this jack.
3	Center Out port	Connect the center-channel 3.5mm plug of your 5.1 channel speakers into this jack.

「產品之限用物質含有情況」之相關資訊 請參考下表：

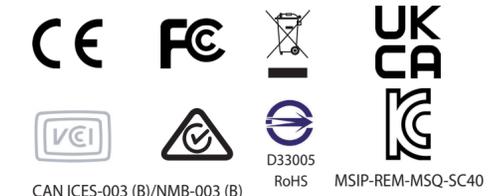

單元	限用物質及其化學符號					
	鉛 (Pb)	汞 (Hg)	鎘 (Cd)	六價鉻 (Cr ⁶⁺)	多溴聯苯 (PBB)	多溴二苯醚 (PBDE)
印刷電路板及電子組件	-	○	○	○	○	○
防護屏蔽罩	○	○	○	○	○	○
連接線	-	○	○	○	○	○
其他及其配件	-	○	○	○	○	○

備考1. "○" 係指該項限用物質之百分比含量未超出百分比含量基準值。
備考2. "-" 係指該項限用物質為排除項目。
