CNE-SGCH2W 5291485017002

CNE-SGCH2R 5291485017019

Meet your new gaming sidekick: the Ergonomic Gaming Chair Core SGCH2. Let's start with what you'll be sitting on: the original foam that feels like a gentle hug. This high-quality foam adapts to your shape; no matter how long you're in the game, you're always cradled in comfort. It's not one of those stiff seats that make you feel like you're sitting on a stack of books.

Wrapped in high-quality PU eco leather, the Core SGCH2 combines comfort and style. This sleek material looks fantastic and is a joy to clean. It's like the stylish jacket of chairs, perfect for making a statement while staying functional. Plus, you can rest easy knowing it's an eco-friendly choice.

Built with a 1.5 mm thick metal frame, this chair is as sturdy as they come. It handles all your gaming antics without wobbling or creaking under pressure. Whether you're leaning into a crucial moment or getting up for snacks (a key part of any gaming session), this frame holds steady. The Core SGCH2 features comfortable armrests that support your arms while you game, giving you the perfect spot to rest while you strategize your next move.

The multi-functional mechanism lets you adjust your seating the way you want it. With an adjustable backrest angle that ranges from 90° to 135°, you can easily find your sweet spot. And for ultimate relaxation, this chair comes with both a headrest and lumbar pillows. They are like having a mini spa right in your gaming chair: supporting your neck and back, so you can enjoy extended gaming sessions without a hitch.

Rolling smoothly on a 5-star nylon base, the Core SGCH2 offers great stability. And with quiet nylon and PU casters (60 mm), you can glide around your gaming space without causing a ruckus. Designed to support users up to 120 kg (265 lb), this chair accommodates a wide range of gamers. And with a recommended user height of 150-175 cm, it's perfect for anyone looking to upgrade their gaming experience.

## **DURABLE METAL FRAME**

Let's start with the core of the Core SGCH2 – its durable metal frame. Crafted with 1.5 mm thick metal, this chair is built to last. Whether you're leaning forward in the heat of battle or celebrating a victory, this sturdy frame stays rock solid.

## ERGONOMIC DESIGN

Long gaming sessions can turn into a battle against discomfort, but not with this chair. It's engineered to fit the natural curve of your body, encouraging healthy posture and keeping aches and pains at bay. It's a chair that's designed to help you play your best without needing a chiropractor on speed dial.

## COMFORTABLE SEAT

Get ready to experience the most inviting seat ever. It's generously padded with premium materials and it envelops you in cozy support, allowing you to dive deep into your favorite games without any distractions. It really is a new level of relaxation.

## HIGH QUALITY PU ECO LEATHER

Style and function come together with the high-quality PU eco leather. It's soft, smooth, and adds a touch of elegance to your gaming space. Plus, it's easy to clean, so snack crumbs and soda spills won't stand a chance. It's like having the best of both worlds: luxury and practicality.

## ADJUSTABLE BACKREST

Sometimes you need to sit up and focus, and sometimes you just want to lean back and chill. The adjustable backrest has you covered with angles from 90° to 135°. Custom comfort at its finest!

## LUMBAR SUPPORT

We all know that long hours of gaming can make your back feel like it's plotting a rebellion. This chair comes with a supportive lumbar pillow that takes care of your lower back, promoting good posture.

## HEADREST PILLOW

Don't let neck strain be the boss of you. The headrest pillow is here to support your head and neck, providing that extra cushion right where you need it. This pillow ensures you stay comfortable and pain-free.

## **5-STAR PLASTIC BASE**

This robust foundation keeps your chair balanced and steady, so you can lean, swivel, and roll with total confidence. And with quiet, smooth-rolling casters, you'll feel like you're gliding across the battlefield – or just your gaming room – without making a sound. It's built for movement and safety.
