MINI KITCHENER with rotisserie & circulating air

The new "ECO" oven series – versatile, efficient, economic

ROMMELSBACHER

Cooking, roasting, baking, grilling & more – this mini kitchener of our "ECO"-series brings cooking fun to every kitchen. Whether in single and student apartments or in the office and holiday home, the elegant mirror-glassed front makes it an optical highlight everywhere. Its high functionality as well as versatile possibilities of use are also convincing in the long term. This mini Kitchener is particularly efficient and economical in operation (*up to 50 % of energy saving compared to conventional built-in ovens!*) and thus contributes to more sustainability at home. Side dishes as well as pan-cooked dishes can be prepared on 2 solid cooking plates with power-controlled regulation. The oven with its different functions (including circulating air) and continuous temperature regulation heats up very quickly and is perfect for preparing roasts, gratins and cakes. With the rotisserie set, you can also grill rolled roast and chicken on a spit at home. Cleaning is very easy, because the baking chamber is non-stick coated and the compact interior is easily accessible. Well thought-out technology combined with energy efficient construction and practical accessories as well as an attractive design turn this mini kitchener into a multifunctional cooking island that becomes indispensable in every household in short time.

Ranking 'very good' in a German consumer test

Technical data:

- **type: KM 3300**
- 230 V ~ 3250 W, silver/mirror glass

COOKING ZONE:

- 2 solid cooking plates 145 mm Ø 750 W ● 180 mm Ø 1000 W
