Meet ALFIE KW-37 – your kid’s new best friend that happens to tell time. This isn’t just an ordinary timepiece; it’s a pint-sized dream packed with features that your little one will love, and which you’ll appreciate as a parent, too.

With a big and bright 1.69” IPS screen and a super-comfy nylon strap, this watch combines both style and comfort, and it’s a gadget that your kid can show off. When the clock strikes "I’m bored," the 16 built-in games and MP3 player are there to save the day. It even has 512MB of memory, so there’s room for your kid’s favorite tunes and more.

There’s space for learning too! The ALFIE KW-37 features a basic English dictionary with pictures and audio to make learning 100 words a breeze, which is perfect for budding language learners. With support for 23 languages, kids everywhere can join in on the fun.

Parents, there’s something in it for you as well. The SOS calls, two-way calling, and SMS capabilities ensure that your child is never more than a call away. Combined with the LED torch, calendar, calculator, and IP66 waterproofing, this watch is ready for any adventure.

BASIC ENGLISH LEARNING

With more than 100-word dictionary, the ALFIE KW-37 will boost your kid's English knowledge in no time. Each word comes with pictures and audio, so it's like having a tiny, super-patient teacher.

TWO WAY CALLS

It's like having a walkie-talkie but cooler. The ALFIE KW-37 allows kids to make two-way calls, so they're never out of reach. And you can call them too (so there's no excuses for not answering).

BIG BATTERY CAPACITY

The ALFIE KW-37 has a long-lasting battery that can match your kid's endless energy. From morning cartoons to bedtime stories, this watch stays powered through every adventure. You can charge it when you feel like it, not in the middle of the day.

BIG IPS SCREEN

The 1.69" IPS screen is bright, clear, and big enough for kids to navigate with ease. Picking a game, checking the time, or showing off their latest selfie comes easy: everything looks crisp and colorful. Plus, the screen is sturdy enough to survive the occasional bump or drop.

A child is sleeping peacefully under a blue blanket. On their head is a white, circular device with a grey fabric band. The device has a lens, a small orange light, and a button with the SOS logo. The background is a solid blue color with some geometric shapes in the top left corner.

MELODIES & STORIES

The ALFIE KW-37 is a mini jukebox and storyteller in one. With its MP3 player, kids can enjoy their favorite tunes or listen to bedtime stories anytime.

CAPTURING MEMORIES

Feel free to snap away with the 0.3MP camera: taking photos of friends, pets, or even the latest “super important discovery” (like a cool rock) has never been easier. Recording voice memos is also easy as pie.

16 PRE-INSTALLED GAMES

Who needs a console when the ALFIE KW-37 has 16 games? These can keep kids entertained and maybe even sneak in some brain-boosting benefits.
