Kids Smartwatch

Zefir KW49

The Zefir KW49 is a safe, fun, and reliable way to stay connected with your child anywhere. With 4G VoLTE support, GPS tracking, and video calling, parents can have peace of mind knowing their child is always within reach, while kids get a device designed just for them.

Great for both quick check-ins or longer chats, the KW49 supports video calls, voice chat, and messaging over 4G and Wi-Fi. Parents can add up to 50 trusted contacts and use the white list feature to block unknown numbers, ensuring that only safe, familiar voices reach your child.

With the built-in SOS function, your child can call for help with just one press. Real-time GPS, Wi-Fi, and LBS tracking let you monitor their location with precision. You can also set up safe zone and receive alerts if your child leaves designated areas. And because the KW49 supports sharing access, both parents can stay connected and in control at the same time.

The KW49 is packed with educational mini-app, fun games, and even an audio player with 1GB of memory for favorite songs and stories. Parents can lock or unlock apps like games, the gallery, or music depending on the moment, which provides complete control over when it's time to learn, play, or focus.

The watch includes a pedometer to track activity, a silent call mode for quiet moments, and even remote photo capture for little surprises. With BT 5.1 + LE, kids can connect to wireless earbuds or a speaker for music on the go.

Designed to keep up with active kids, the Zefir KW49 is IP67 waterproof and designed to withstand splashes, rain, and everyday adventures. The 900 mAh battery lasts up to 3 days, so you won't need to worry about charging every night.

Featuring a 1.44" IPS screen with vibrant colors, a simple menu, and a lightweight body, the KW49 is comfortable and easy for kids to use. It's powered by a reliable Unisoc chipset, combining stability with responsive performance.

E-SIM FOR INSTANT CONNECTIVITY

No need to insert a physical SIM card: the watch connects remotely to the network and stays active during your child's most energetic playtime. This means fewer technical steps for parents and uninterrupted communication for kids.

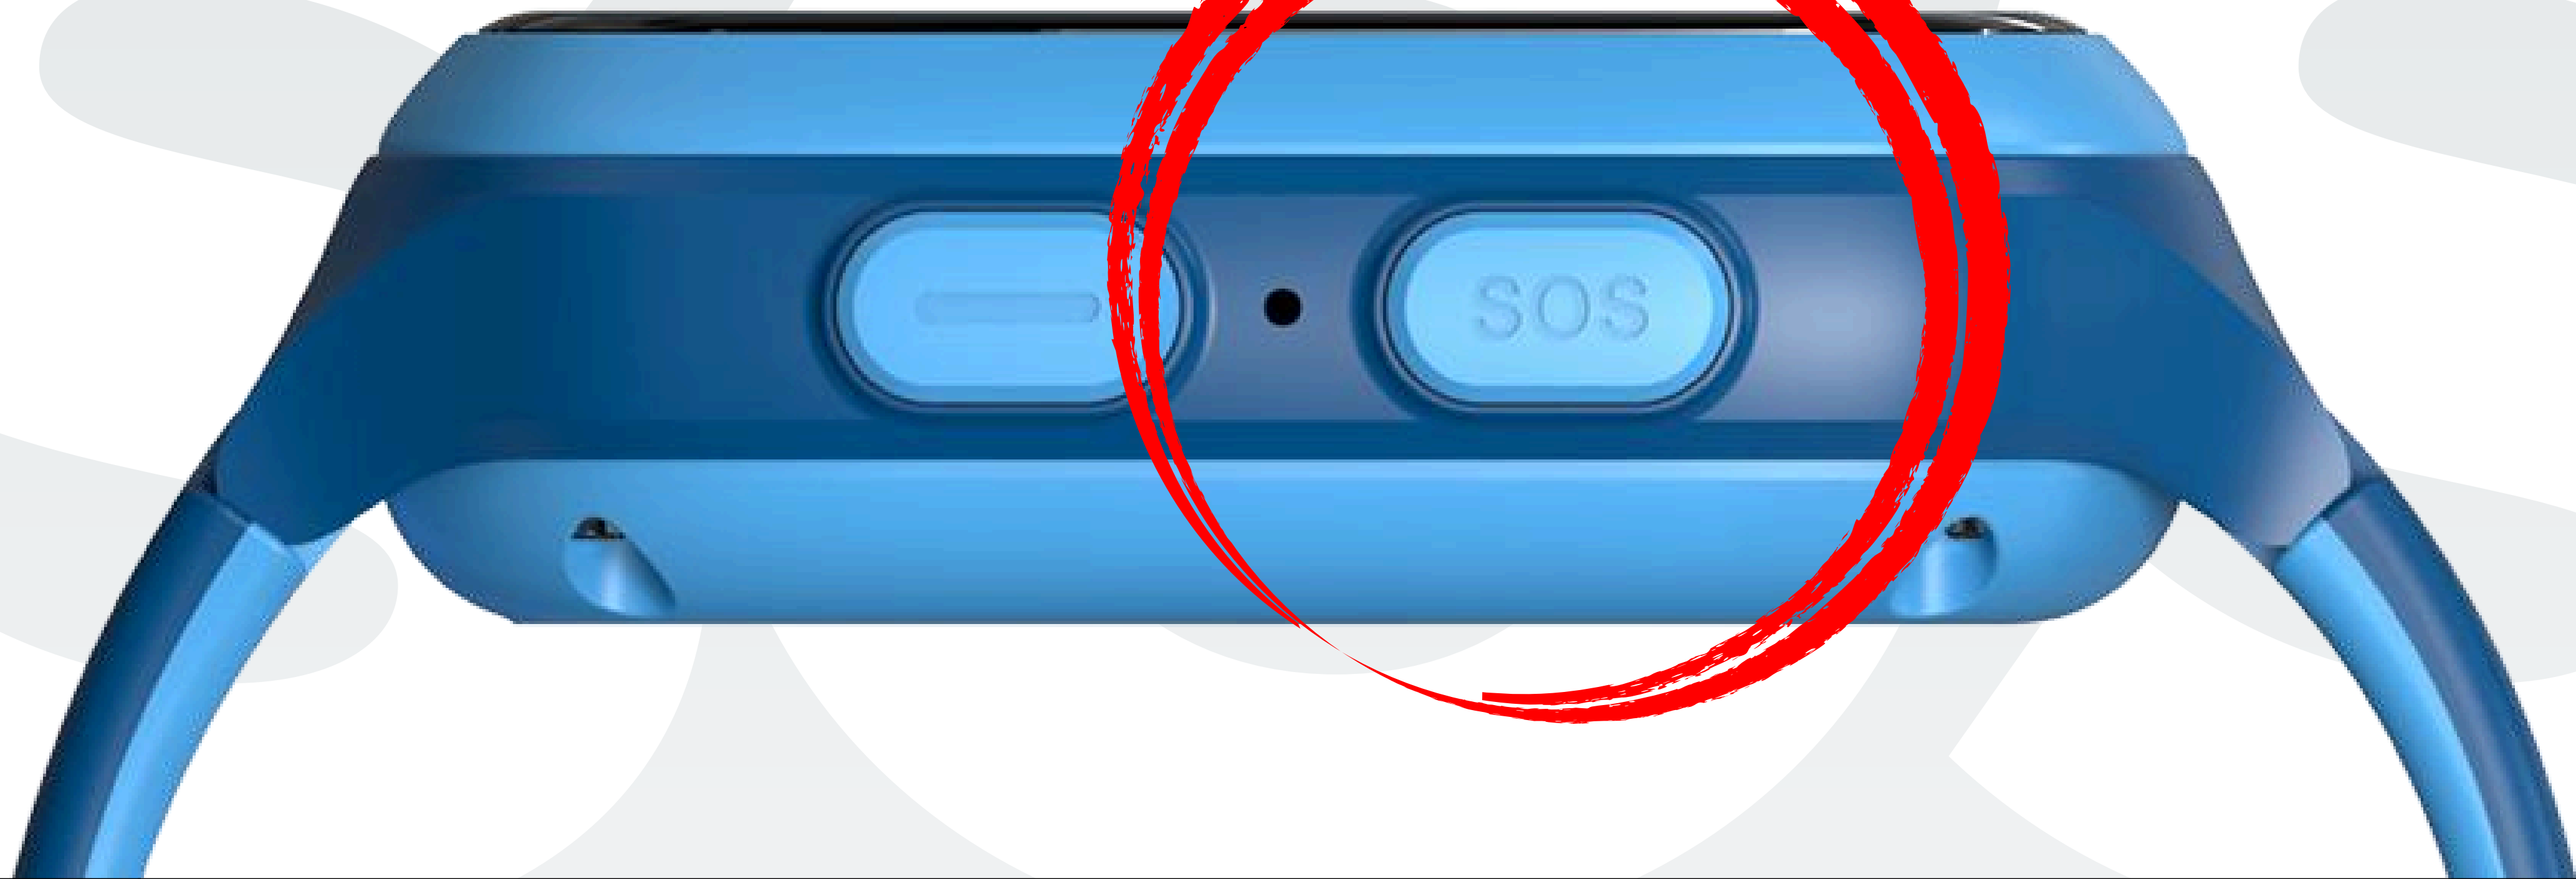

ALWAYS IN TOUCH

With 4G VoLTE and Wi-Fi, you get stable video and voice calls so you can reach your child anytime. No matter the distance, conversations will be clear and reliable.

SAFETY FIRST WITH SOS & WHITE LIST

Add up to 50 trusted contacts and rely on the SOS button to make sure your child communicates only with safe, approved people. In emergencies, one press is enough to instantly notify parents.

GPS TRACKING & SAFE ZONE

Check your child's real-time location and set up alerts if they leave a pre-defined safe area. You'll always know where they are without limiting their independence.

CANYON SAFETRACK AI

Canyon Safetrack AI is our enhanced indoor positioning system for kids smartwatches. It uses Wi-Fi access point scanning to determine location even when GPS is unavailable. AI-driven analytics filter out inaccurate signals and highlight only reliable location data. As a result, you can get more precise and stable positioning in malls, schools, and other indoor environments.

Requires an initial calibration period. During this time, AI system automatically collects and analyzes data to improve location accuracy. Actual accuracy may vary until the adaptation process is complete.

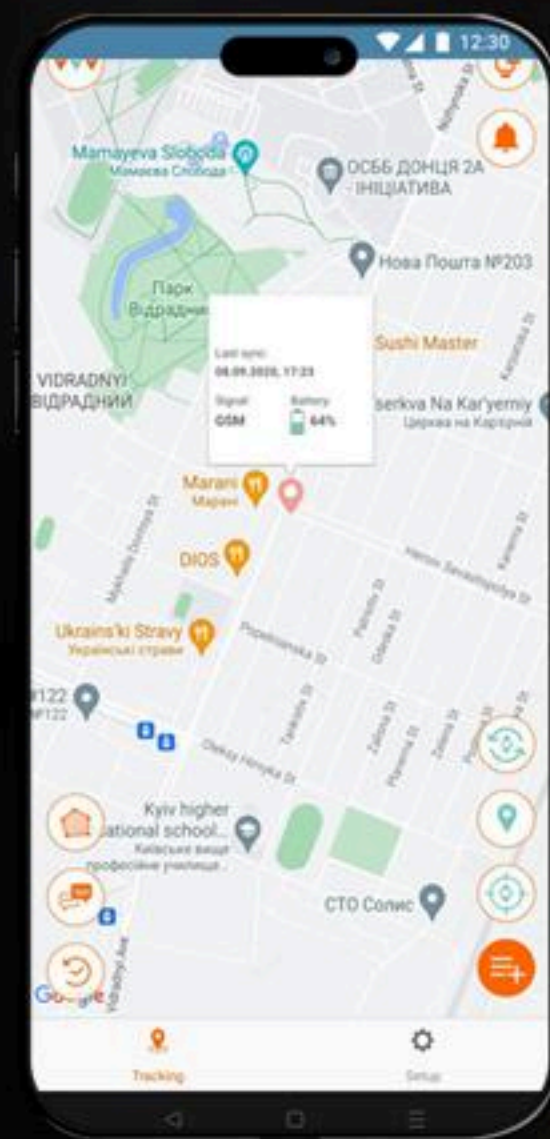

DUAL PARENTAL ACCESS

Both parents can connect to the watch with full control and visibility from their own smartphones. With shared access, both parents can be equally informed.

PARENT CONTROL VIA CANYON LIFE APP

Stay in control with the Canyon Life mobile app. It allows you to set limits, monitor activity, and manage your child's smartwatch experience remotely.

You can set screen time limits, track their location in real time, and customize the watch settings to match your child's needs — all from your smartphone.

REMOTE MONITORING TOOLS

Silently check what's happening around your child with stealth calls or remote photos, for extra reassurance when you need it. It's a discreet way to make sure your child is safe without interrupting their day.

LONG BATTERY LIFE

The 900 mAh battery powers the watch for up to 3 days. You don't have to worry about daily recharging: even on busy weekends or trips, the watch keeps going strong.

WATERPROOF & DUSTPROOF (IP67)

With full protection from water and dust, the watch is safe to wear while washing hands, playing outdoors, or in the rain. Kids can enjoy their adventures without restrictions or worries.

LEARNING THROUGH PLAY

Built-in English learning app and 5 fun games help your child learn and develop while having fun. Blends education into entertainment seamlessly to make every minute valuable.

FULL PARENTAL CONTENT CONTROL

Decide what your child can access by locking or unlocking apps like games, gallery, or the audio player. This way, the watch is used responsibly and according to your rules.

HEALTHY HABITS ENCOURAGED

The pedometer and alarm motivate kids to stay active and build a healthier daily routine.

It's a fun way for children to take small steps toward better fitness.

ENTERTAINMENT & MULTIMEDIA

An integrated MP3/audio player with 1GB memory plus BT support for TWS earbuds and speakers gives kids plenty of ways to enjoy music and stories.

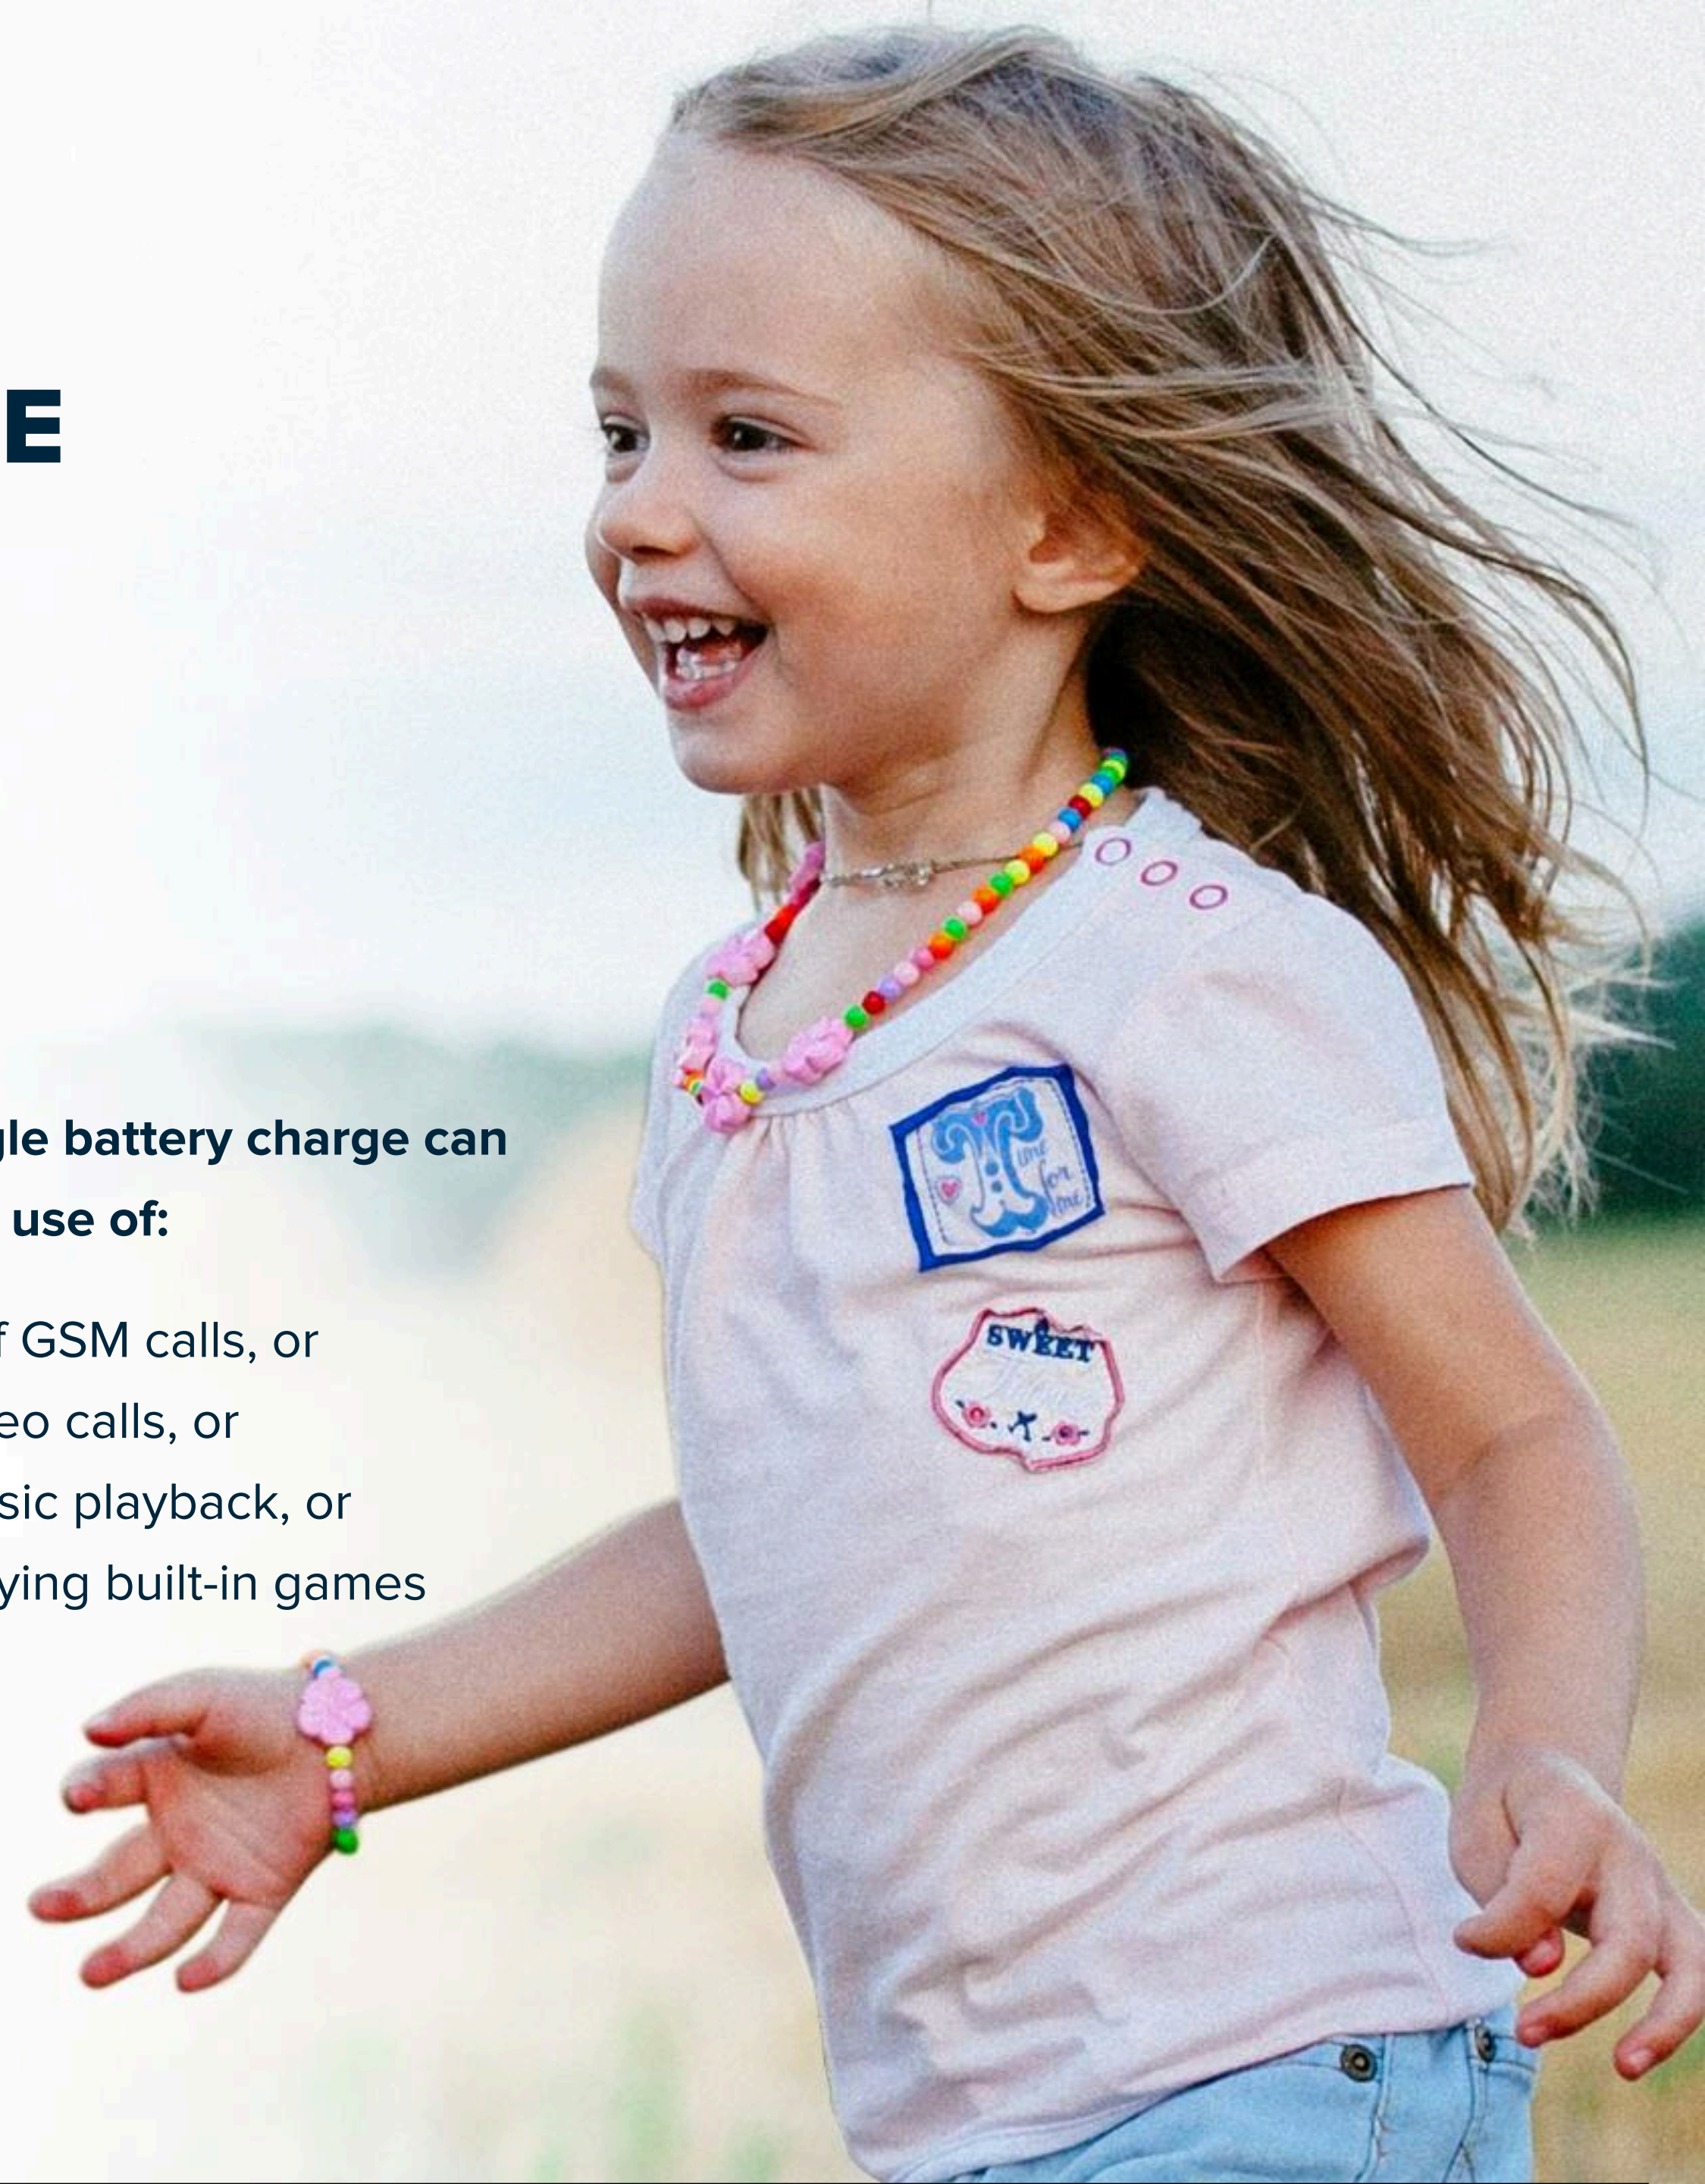

UP TO 3 DAYS: BATTERY USAGE TIME EXPLAINED

According to our tests, the battery usage time is approximately 71 hours. Here are the test conditions:

- Connected to Canyon Life app, geolocation frequency: 10 minutes
- Default brightness 50%
- 1-hour outdoor walk with 5 location reports
- "Find device" function used 5 times per day
- 1 video call per day (5 minutes duration)
- 1 voice call (VoLTE) per day (1 minute duration)
- Screen sleep time: 5 seconds

Additionally, a single battery charge can handle continuous use of:

- Up to 4 hours of GSM calls, or
- 3.5 hours of video calls, or
- 6.5 hours of music playback, or
- 8.5 hours of playing built-in games
